WORK EXPERIENCE

Freelance Frontend Developer – Remote

Jan 2024 – Present

Oladosu Charity Foundation Website

- Designed and developed a clean, accessible website to showcase the foundation's mission, activities, and donation channels. Focused on simplicity and performance to ensure accessibility even on low-end devices.

Shevon Salmon Personal Website (Demo)

- Built a sleek, aesthetics-first portfolio demo for a tech and lifestyle YouTuber using Next.js 15, Tailwind CSS and Motion. Designed to serve as both a traffic funnel to YouTube and a brand contact platform, with attention to responsive layout and speed.

PROJECTS

Shevon Salmon Personal Website

A visually appealing portfolio site built with Next.js 15, Tailwind CSS, motion and Sanity. Designed to direct traffic to the client's YouTube channel and provide a clean contact interface for brand partnerships.

Dialog – Real-Time Chat Application

A full-featured chat app with real-time messaging, image uploads, and Responsive UI. Built using Next.js 14, Pusher and UploadThing.

Haven – Real Estate Platform

A modern real estate listing platform built with Next.js 15, Prisma, PostgreSQL, and UploadThing. Users can post listings with up to 8 images per property. Includes robust search filters, caching and smooth database transactions with fallback for failed uploads.

EDUCATION

B.Sc. Computer Science – Lagos State University

2024 – Present (Expected 2028)

Relevant Courses: Programming, Mathematics, Statistics, Physics
